Ted, I want to express my appreciation for the outstanding job performed by Commercial Liquidators of America in closing down our operation. I was at a loss on how to "get rid of" a bunch of furniture that we did not need, could not afford to move, and did not want to put into storage. Your response was prompt, you structured a plan that actually made us money, and completed the job with absolutely no problems. You turned a project that we thought would be a huge negative and made it positive. Thank you so much for your professional help. If it will help you in any way please be sure to use my name as a reference.
