Compaq Computer & Planar Flatscreen Monitor - \$341.00

**** "The purpose of this letter is to share my satisfaction with you for the liquidation services you provided for my company, Aristo Machines, Inc. in the week of 10 November 2008. As you I am sure observe, liquidation can be a stressful process for a business owner. The task of "clear out the place" can be a daunting one at a time when one is eager to move on, having made the decision to close. You have a well established process, and you and your team were most professional during the course of its execution. The results met my expectations as far as a financial return. More importantly, your patience and counsel throughout the process, and your thorough and timely closure were most appreciated. This was a significant step in moving Aristo Machines forward, out from under underutilized assets. I thank you, again, for the outstanding support provided by Commercial Liquidators of America in making this a successful one. Your company was recommended to me, and the results of my engagement certainly affirm that recommendation. "**

**Robert Dean
President**
